

Jack Coventry

FRONT END WEB DEVELOPER

e: jackcoventry@gmail.com • t: 07843846372 • w: jackcoventry.co.uk

Summary

Self-taught front-end developer who is passionate about the latest web technologies and likes to use a React + Node.js + Webpack stack with Sass or CSS-in-JS.

Originally from a musical background, I learned how to code from my ambition to build mobile-first, feature-rich web applications.

Technologies & Skills

Javascript (ES6) React + Redux Node.js Express Webpack SCSS CSS Modules
Styled Components Jest + Enzyme AngularJS Grunt Gulp Handlebars
Foundation Grid Bootstrap Metalsmith BEM Umbraco Contentful Git
Adobe Photoshop Gatsby MongoDB HTML5 jQuery GraphQL MySQL .NET

Professional History

- 2016 – Senior Front End Developer at AmazeRealise (formerly Amaze), Manchester
I joined in my role as a front-end developer in October 2016 where my responsibilities include development, mentoring junior developers and leading project builds such as the Co-op Food rebuild; I was then promoted to Senior in January 2018. I worked on projects for Co-op, Expedia, ANA, Pizza Hut & Saucy Fish.
- 2011 – 2016 Web Developer at AnotherStory, Manchester
Joining as a Junior, I moved into the position as Lead Developer after 6 months, where my responsibilities included full-stack Umbraco development, supporting other developers and mentoring juniors.
I worked on projects for Mornflake, KPMG, LeeFest & Gallagher Ltd.
